SUBJECT

Revision of the menial Establishment on the various Govt. offices of the State

Printed on the Multigraph.

Submitted to His Highness.

The Special Finance Committee recommend that a large reduction may be made in the strength of the menial establishments employed in various Government Offices. They consider that the recent enhancement in the pay of the menials has largely increased Government expenditure on the inferior services and that a reduction in expenditure by retrenchment in the strength of the establishment is imperative.

2. On the assumption that the total strength of the menials employed in the State in various Government Offices is about -- 6000 costing about Rs: 6,00,000 per annum, they suggested that about 1200 may be retrenched and that a saving of about Rs.1,25,000 may be effected. I have had the figures of the menial establishment, actually employed in Government Offices, carefully compiled and I see that the actual strength of the establishment is about 4806. but the expenditure on this establishment is about Rs. -- 6,35,000 per annum, giving an average pay of about Rs. 11 per month per menial. I consider that this is an appalling figure and that a reduction of at least Rs. 1,00,000 is imperative.

3. The actual cost on the menial establishments before the increase in pay due to the merging of High Price Allowances was about Rs. 4,42,500. In view of the grant of Grain Compensation and War Allowances, the pay of the menials has steadily increased from July 1918, when these concessions were first granted so that the total amount spent on the menial establishment in Government Offices has risen to 6 1/3 lakhs of rupees per annum.

4. The Committee recommend that the system of permitting Government Orderlies to work at the residences of officers should be carefully restricted and suggest that these privileges should be conceded only to high functionaries and officers whose duties are likely to bring them into contact with the general public. T

I am in full sympathy with this recommendation of the Committee, but I consider that the wholesale withdrawal of this privilege which has been enjoyed by the Officers of the State from time -- immemorial would be felt as a great grievance. I therefore consider that some definite principles should be adopted in regard to the number of home orderlies that may be employed by Officers of different classes so that this practice may be systematised and brought under control as much as possible.

(a) I think that every gazetted Officer in independant charge of an Office may be allowed the services of a Government peon for duty at his house, whether he is a touring officer or not, and -- that the Officer should be instructed that the peon is deputed solely for facilitating Government work. This limitation would at once withdraw peons working in the houses of Office Managers, District Shirastedars, Taluk Shirastedars and officers of similar status, as I see numerous instances of peons working in the houses of such officials from the statement furnished to the Secretariat. These peons are proposed to be immediately withdrawn and the -- officials will be warned against any further continuance of this very unauthorised employment of Government peons.

(b) In the case of Government Officers, such as Assistant Commissioners, in charge of Sub Divisions, it is proposed to allow two peons to work at home with the specific injunction in regard to their employment referred to above. Officers of other Departments, such as District Medical Officers, District Inspectors of Education, District Forest Officers, District Excise Officers, etc., will be allowed one peon each for work at their residences.

(c) In regard to the Deputy Commissioners, it is proposed that four peons may be allowed to them for duty at their homes in view of the very large amount of Government work that these - officers will have to attend to at their houses and the number of visitors they should have to see. Officers of co-ordinate status, such as District Judges, need not be allowed more than two peons

and the improper practice of having, in some instances, 5 peons by officers of this class should be forthwith put a stop to.

(d) I think that Heads of Departments should have peons -- varying from 3 to 4 at their residences depending on the quantity of public work they have to do in their houses.

(e) In the case of Head Quarter Officers, such as Assistant Secretaries to Government, Head Quarter Assistants to Important Heads of Departments, one peon may be allowed.

(f) Owing to the multifarious duties that devolve on Amildars, it is proposed to depute 4 peons for work at their residences. At present they have six. As recommended by the Special Finance Committee, two peons are proposed to be allowed to Sheikdars and one to subordinate executive officers, such as Excise Inspectors and Sanitary Inspectors, etc.

(g) In the case of menials on orderly duty in Government -- Offices, no officer of the grade below that of the Deputy Commissioner need have more than one peon and no officer of a higher -- status need have more than two. It is expected that if these -- principles are accepted, at least 550 peons out of a total of -- 2750 on duty with officers either at their residences or in -- offices may be retrenched.

5. It is proposed that a reduction of at least one peon may be effected in offices having a strength of 6 peons and 2 peons in offices having 10 peons or more. This will result in the reduction of 210 peons out of a total menial establishment of about 2050 -- employed solely in Government Offices. The total reduction in the strength of the menial establishment is 760 involving a saving of about one lakh of rupees.

6. Owing to the uniform enhancement in the pay of the peons working in all offices as a result of Government Order No. Fl. C. 6-55/S & A 5-21-11 dated (Camp) Mysore, 9th October 1921, the pay of peons in older offices has been rendered inequitable as compared with that of those employed in offices started within recent years. The peons employed in the newer offices are started on a higher

pay than that given in the older offices such as the Offices of the Revenue Department, and a uniform enhancement of pay in the case of both classes of peons last year has rendered it necessary to revise the pay of the peons in the State. It is proposed to fix the following rates of pay for peons in Government Offices:-

	Peons.	Duffedars.	Jamedars.
At Bangalore & Mysore.	11, 12, 13.	15	17
At other places.	10, 11, 12.	14	16.

7. The Special Finance Committee make detailed recommendations in regard to the number of Police Orderlies that may be allowed to various Officers. They propose no reduction in the strength of the Police Force but suggest that the orderlies may be withdrawn andposted for their legitimate duties. The statement furnished to the Secretariat showing the orderly duties now performed by Police Orderlies shows that no uniform principles are in force in regard to the number of police orderlies deputed for duties under the several officers. The whole question will be gone into after obtaining a report from the Inspector General of Police as to the principles on which these orderlies are deputed at present and the needful reduction in the number of police orderlies made in due course.

8. The proposals of the Special Finance Committee were considered by the Council at their meeting on the 7th August 1922 and the following resolution was recorded:-

Page 16 of Office Notes.

"The general principles indicated in the Dewan's minute may be approved in revising the menial establishment of the State as a whole.

"2. The rate of pay of peons may be revised as follows:-

At Mysore & Bangalore.	11, 12, 13.	15.	17
At other places.	10, 11, 12.	14.	16.

"3. The questions of police orderlies may be separately investigated".

The statements put up are rough ones. It has not been possible to reconcile the figures given in the revenal statements with those given in the G.O. or in the Statements prepared in the Spl: Office. The Chief Secretary has called for the file very urgently. So to avoid further delay it is requested that the statements put up may be carefully verified and corrected where necessary. For want of time some statements have not been fair copied. It has not been possible to enter any correct figures against the Health Dept and the Municipal and Dist Bd. Dear Sir,

I am sorry to have to trouble you for a personal favour. The Chief Secretary has called for the immediate submission of the file about the retrenchments in menial establishments. The Statements have been put up here, but they are not quite satisfactory

I am therefore obliged to
request you to have them revised

different from that shown in the Budget. The variations are not material except in the case of the Revenue Dept. The total number of menials, as per returns furnished, is 4732 and the number to be retrenched is 794. Of this number, however, the retrenchment of 81 posts has been taken account of in other orders already passed by Govt., so that the net retrenchment of the menial establishment under the Govt. Order dated 11/9/22 is 713.

Of the total number 794 retrenched as retrenched, 424 belong to the Rev. Dept in the statements. The statements furnished to the secretariat are not prepared on any uniform basis so that it is impossible to know how many are employed on general duties only and how many on duty with officers. In all such cases the Taluk and Dt. offices Manuals have been referred to.

Perhaps it may be useful if I explain the principles followed in preparing these statements:-

(1) The number of peons fixed in general office only in the offices of Deputy Collectors is as 10. This is in the Dt. office manual.

(2) The peons allowed in the subsidiary executive staff is shown under the sub-head "in office" under the main column "No" on only with officers.

(3) In the case of Karur, Erode, Kallakurichi, Mulbagal and Hosur, the secretariat returns gave no information. The figures given in the Taluk manual have been adopted

(4) The sanctions are not uniform as to No of peons on general office only in Taluk offices in the case of Bellary, Adoni, Adoni, Alur, Molakalmuru etc

The No of peons on office only is shown as Nil! A suitable number of peons is provided for office only in the Taluk offices. Varying from 3 to 9.

Proceedings of the Government of His Highness the Maharaja of Mysore

Read:--

Para 3 of Government Order No. G.6620-45/G.M.236-07-1 dated 13th May 1908, passing orders regarding the revision of the Menial Establishments attached to the several Head-quarter Offices

2. Resolution No. 38 of the Special Finance Committee, recommending reduction in the Menial Establishment of the various offices and Departments in the State.

Order No. [illegible]

Dated Bangalore, 9th September 1922.

The Special Finance Committee are of opinion that the strength of the menial establishments employed in Government Offices is much in excess of actual requirements and that the increase in expenditure consequent on the enhancement of pay granted to the menials in the service of the State within recent years renders a material reduction in the strength of the establishment absolutely necessary. They recommend that the system under which officers are permitted to detach a portion of the menial establishment for work at their residences should be restricted to cases in which a regard to public interests may be held to support the practice. They consider that the privilege of home orderlies should be limited in respect of high functionaries and of officers having executive duties which bring them into contact with the general public. Basing their proposals on the assumption that about 6000 menials costing Rs. 6,00,000 per annum are on duty either in Public Offices or at the residences of officers, they recommend that the strength of this establishment be reduced by about 1200, effecting a reduction in public expenditure to the extent of Rs. 1,25,000 per annum.

2. Government are in full sympathy with this recommendation of the Special Finance Committee. A careful computation of the actual strength of the menial establishments employed in Government Offices and on duty with officers shows that the total number is 4806 costing about Rs. 6,35,000 per annum or on an average of Rs. 11 per month per menial. Government consider that the expenditure of

Rs. 63 1/3 lakhs on menial establishments in Government Offices is excessive and that a reduction in this expenditure to the extent of at least Rs. 1,CO,OOO should be effected without delay.

3.. Moreover, from a return recently obtained by Government, showing the allocation of duties to menials in the various Government Offices in the State, it is observed that the number of menials deputed for duty under officers both in their offices and at their residences is not fixed on any uniform basis. Government are therefore pleased to direct that the following principles be observed in regard to the deputation of menials for duty under Gazetted Officers.

(a). Every Gazetted Officer in independent charge of an office should be allowed the services of a Government peon for duty at his residence whether he is a touring officer or not and that the peon should be employed solely for Government work.

(b). In the case of touring officers, such as Executive Engineers, Assistant Commissioners in charge of Sub Divisions and District Forest Officers, Government consider that two peons might be allowed to work at their residences.

(c). Other touring Officers such as District Medical Officers, District Inspectors of Education, District Excise Officers, etc., may be allowed one peon each for work at their residences.

(d). In the case of Deputy Commissioners, Government consider that four peons might be deputed for duty at their residences.

(e). District Judges should be given two peons for work at their residences.

(f). In the case of Heads of Departments, the number of peons for work at their residences may vary from 3 to 4 depending on the quantity of public work these officers would have to do at their residences.

(g). Other officers employed in a subordinate capacity, such as Assistant Secretaries to Government and Head-quarter Assistants to Heads of Departments, may be allowed one peon each for work at home.

(4). In the case of Amildars, Government are of opinion that four ...ons should be allowed instead of 6 as at present.

(5). Government agree with the recommendation of the Committee that two peons may be allowed for duty under Sheristars and one under the executive subordinates such as Excise Inspector, Sanitary Inspector, etc., to facilitate Government work.

(6). In the case of menials only orderly duty in Government offices, Government are of opinion that no officer of the rank of Deputy Commissioner need have more than one orderly and no officer of minor status need have more than two.

4. It is suggested that a revision of the strength of the menial establishment entitled for duty under officers on the principles enunciated above may will result in a reduction of about 300 peons out of about 1,500 on duty in the residences of officers and about 250 out of 1250 on duty under officers in their offices.

The total estimated strength of the menial establishment employed on other general and specific duties in Government offices is about 2000 and Government consider that the strength of the menial establishment should be reduced by at least one in the case of offices now having a strength of six peons for such duties and in the proportion of one in five in the case of offices employing 10 peons or more. This is expected to result in a reduction to the extent of about 210 in the strength of the total menial establishment.

5. Government consider that the uniform enhancement in the pay or ... establishments sanctioned in all Government offices in accordance with Government Order No. [illegible] dated 7th October 1938 has rendered the pay of the menials in the other offices such as of the Revenue Department inequitable as compared to those drawn by menials in offices sanctioned within recent years. They are therefore of opinion that a revision in the pay of all menial establishments should be immediately undertaken and are pleased to direct that the rates of pay of peons may be revised as follows:-

(h). In the case of Amildars, Government are of opinion that four peons should be allowed instead of 6 as at present.

(i) Government agree with the recommendation of the Committee that two peons may be allowed for duty under Sheikdars and one under the executive subordinates such as Excise Inspector, Sanitary Inspector, etc., to facilitate Government work.

(j). In the case of menials on orderly duty in Government Offices, Government are of opinion that no officer of the grade below that of Deputy Commissioner need have more than one orderly and no officer of higher status need have more than two.

4. It is estimated that a revision of the strength of the menial establishment deputed for duty under officers on the principles enunciated above will result in a reduction of about 300 peons out of about 1,500 on duty in the residences of officers and about 250 out of 1250 on duty under officers in their offices.

The total estimated strength of the menial establishment employed on other general and specific duties in Government offices is about 2050 and Government consider that the strength of the menial establishment should be reduced by at least one in the case of offices now having a strength of six peons for such duties and in the proportion of one in five in the case of offices employing 10 peons or more. This is expected to result in a reduction to the extent of about 210 in the strength of the total menial establishment.

5. Government consider that the uniform enhancement in the pay of the entire menial establishment working in all Government offices in accordance with Government Order No. Fl.C.6-55/S.&.A.5-21-11 dated 9th October 1921 has rendered the pay of the menials in the older offices such as of the Revenue Department inequitable as compared to those drawn by menials in offices sanctioned within recent years. They are therefore of opinion that a revision in the pay of all menial establishments should be immediately undertaken and are pleased to direct that the rates of pay of peons may be revised as follows:-

	Peons.	Duffedars.	Jamadars.
At Bangalore & Mysore.	11, 12, 13.	15.	17
At other places.	10, 11, 12.	14	16.

6. The Heads of Departments will be requested to submit for the formal orders of Government, statements showing the number of peons required for their departments in accordance with the principles enunciated above, with an estimate of approximate cost on the basis of the revised salaries sanctioned in this order. With a view to facilitate the formulation of their final proposals Preliminary statements prepared in the Secretariat in accordance with the principles will be forwarded to the Heads of Departments, and they are requested to submit their proposals to Government within one month from the date of this order.

7. The Special Finance Committee make ~~xxxxxxx~~ detailed recommendations in respect of the number of police orderlies that may be deputed for duty under certain officers and in Courts. Government observe that ~~xx~~ this recommendation is made not with a view to reduce the strength of the Police Force, but in order to set free as large a number of constables as possible for their legitimate duties The Inspector General of Police will be requested to go into this question in detail and submit recommendations as to the principles on which police orderlies are now deputed on duty in Courts and under Magistrates, Police officers and the reduction that may be effected in their number.

MENIAL ESTABLISHMENT.

.....

There are at present about 5,916 menials doing duty in offices or at residences of officers exclusive of Police Constables (5177) Excise Tree Markers (370), Forest Guards (975), Process Peons (444) and Jail Warders (185) who are employed on executive duties and are not on office or orderly duty. We may leave out of consideration for the present the latter class of menial establishment. The accompanying statements and papers show the distribution of the menial establishment employed on office duties or on orderly duty at the residences of officers in the several departments. The duties of the establishment in offices may be stated to be the following:--

(1) Keeping the office clean

(2) Watching the office out of office hours

(3) Petty binding and mutchi's duties

(4) Acting as messengers inside the office and in the town.

The duties at the residence of officers may be classified as follows:--

(1) Attending to calls of visitors

(2) Carrying messages

(3) Mutchi's duties when the officer is working at home.

Camp duty is common to both classes of peons.

A scrutiny of the statements (which are prepared from the detailed statements received and placed in the file) discloses that there is considerable divergence in the

number of peons working in/offices of ~~smaller~~ similar - - - - different departments and in the number of orderlies employed under officers of even the same grades in their residences. The requirements of menial establishment under each class ~~of "office~~ duty" ~~and "residence"~~ may now be separately studied.

(1) Office Duty.-- While it is very - - - difficult to lay down uniform standards of the strength of menial establishment required for offices of different departments in as much as the requirements depend on the character and variety of business transacted in each office, it appears possible to lay down the following general principles and applying them to each Department or office with necessary minor modifications so as to restrict menial establishments to the minimum requirements.

(a) In some cases there is duplication of menial staff by keeping two or more offices in the charge of the same officer as separate units and providing for each such office a separate menial service. Combining all such establishments under a single officer into one unit will result in the saving of peons now employed as messengers, sweepers and watchmen for each separate office.

(b) For smaller offices of one or two clerks a single peon to do duty in the office and also to attend on the head of the office would appear sufficient, e.g., Assistant Inspectors of Education. For slightly larger offices with, say, about 5 clerks one peon may ordinarily be allowed and also a

lascar when a tent is supplied for the use of the officer. In addition another peon to wait on the officer while in office or to accompany him to camp with the office kit would be necessary where the head of the office is a Gazetted Officer whose work brings him in contact with the general public. For larger offices proportionately larger establishments would be necessary. In the case of certain high officers such as Heads of Major Departments, Secretaries to Government and Deputy Commissioners of Districts who have large establishments under them and have in addition to be accessible to the public, two orderlies to attend on them while in office will be necessary.

Orderlies at the residence of officers.-- In fixing the number of such orderlies the following considerations have to be kept in view:--

(1) Need for maintaining a certain amount of ceremonial and dignity in respect of certain high officers such as Members of Government and the Judges of the Chief Court.

(2) Frequency of touring and the need for maintaining one or more camps

(3) Need for getting through office work at home outside office hours, in cases where the staff

(4) Carriage of office bundles from office to residences and back

(5) Need for being accessible to the public even at residences in the case of certain officers. + to calls from higher officers

(6) In fixing the numbers, the need for changing shifts has also to be borne in mind

With these considerations in view the following general principles may be laid down.

(1) Ordinarily only one orderly may be allowed at the residence of stationary - - - officer of Gazetted rank in independent charge of an office

(2) Similar officers who have touring work to undertake may be allowed two orderlies

(3) Assistant Secretaries to Government and Assistants to Major Heads of Departments may be allowed one orderly each

(4) Ordinarily Heads of Departments may be allowed two orderlies each.

(5) The following ~~officers~~ Heads of Depts who have touring also to do may be allowed 3 orderlies each.

(2) Superintendent of Survey

(1) Director of Industries and Commerce

(3) Director of Geology

(4) Senior Surgeon

(5) Sanitary Commissioner

& (6) Registrar of Co-operative Societies

(6) The Heads of the following major Departments who have touring also to do may be allowed four orderlies each.

(1) Revenue Commissioner

(2) Excise Commissioner

(3) Conservator of Forests

(4) Chief Engineer

(5) Inspector-General of Education

(6) Director of Agriculture

(7) Chief Commandant

(7) The Inspector-General of Police may be allowed 5 orderlies in view of the special nature of his duties

(8) The Deputy Commissioners of Districts may, in view of their special duties, be allowed a total of 6 orderlies inclusive of police orderlies so that there might always be - - - - available one police orderly and 2 others at his residence for emergency duties
